PHONE HOME ON CHRISTMAS DAY AT REDUCED RATES

Mountain States Company Offers Opportunity to Send Greetings in Your Own Voice to Loved Ones.

Probably the most popular, as well as the most beneficial innovation ever made by any great corporation in this country is that announced by the Mountain States Telephone and Telegraph company, wherein their thousands of miles of toll lines are thrown open, at half rates, to the general public on Christmas day. This company, whose lines traverse one-fifth of the United States, and reach into the cities, towns, camps and ranches of Colorado, Montana, Utah, Wyoming, Idaho and New Mexico is certainly doing its part toward making it indeed a "Merry Christmas."

Since the merger of the various telephone companies, bringing into one great family all of the mid-west states, the management has been doing many things that go to prove they have the best interests of their patrons at heart, and so, on Christmas day, from 3 o'clock in the morning until noon, the public is invited to use the toll lines freely in talking to the "dear ones at home," or whispering a "Merry Christmas" into the ear of some friend far away. And, next to the joy to come from such a unique and unusual yuletide greeting, is the fact that this company will stand one-half the cost, bringing it within the reach of thousands of people who, perhaps, otherwise would not take this means of transmitting a good cheer blessing.

It is certainly a departure from the ordinary methods of public utilities and the public will appreciate this practical application of the Christmas spirit. While this reduction for the half day will mean a great deal of extra expense and extra work to the telephone company, it will make many hearts glad, and in a measure, dispel the general idea that "all corporations are soulless."

In another part of this paper is the reproduction of a scene, as pictured by the artist—where son, grandchild and grandmother are having a little talk over the long distance. It will be interesting to know how many thousands of calls will be made on Christmas morning because of the reduction in charges by the telephone company.

BOARD COMPLETES CANVASS AND WILL ACCEPT ALL BUT CLAYTON

Certificates Will Be Issued to State Officers Who Can Proceed to Take Office Without Delay.

VAN STONE TO GET CORPORATION JOB

(Special Telegram to Evening Herald) Santa Fe, N. M., Dec. 23.—The canvassing board late this afternoon finished its work and accepted the disputed returns from Reserve, McIntosh and the certificates from Carthage, leaving only the Clayton matter open, which will have to be settled on mandamus or otherwise in court. Since it is not of importance enough to affect any state office, it will not delay statehood. The Clayton precinct, however, may have bearing on the judge of that district and on some of the Union county offices.

The board decided to issue a certificate to George H. Van Stone, progressive Republican. Alvan K. White, superintendent of public instruction, a Democrat, will also receive office. Should no further delays occur, the inauguration of governor should proceed as scheduled.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair; Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up to date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

NOTABLE SUCCESS IS KLEIN'S PLAY

Seat Sale for 'Lion and Mouse,' Indicates Good Houses for Christmas Afternoon and Evening.

Charles Klein's American play, "The Lion and the Mouse," which the United Play company will produce here on Christmas afternoon and evening, has won from audiences in all the largest cities the most cordial demonstrations of approval and it has certainly taken rank as the notable success of the new century. Deservedly is this so for it is a finely effective dramatic presentation of a subject that is at present of paramount interest with the American people—the corruption of the civil government by the power of concentrated wealth.
